Iyobosa Rehoboth

Emerging Technologies — XR Founder, HCI Researcher, VR/AR, gamified experiences, human-computer interaction, AI, Spatial Intelligence & Innovation design, TEDx Speaker.

London, England, United Kingdom

Summary

Hi, I'm Iyobosa.

I'm a senior creative technologist pioneering spatial intelligence platforms that redefine how people experience data, space and technology.

With 10yrs + experience as a professional in various capacities across multi-cloud immersive platforms, AR/VR environments, real-world activations and AI-driven interaction models, I turn static information into navigable, embodied experiences, and I'm currently on a mission is to unlock the collaborative power of emerging technologies like XR (Extended Reality) and Artificial Intelligence, to make the next version of human interaction easy to use, access, and build on.

Experience

floats

Founder

February 2022 - Present (4 years 6 months)

Floats leverages emerging technologies to deliver solutions that redefine the next version of human interaction.

By integrating augmented reality (AR), virtual reality (VR), and artificial intelligence (AI), we create transformative experiences that enhance user engagement across various industries.

As a founder and product lead, I'm tasked with:

- Driving the execution of all processes in the product lifecycle, including product and market research, competitor analysis, planning, positioning, requirements and roadmap development, and product launch.

- Translating product strategy into detailed requirements for prototyping and final development by engineering teams.
- Creating product strategy documents that describe business cases, high-level use cases, technical requirements, revenue, and ROI.
- Analysing market data to develop sales strategies, and define product objectives for effective marketing communications.
- Collaborating closely with engineering, production, marketing, and sales teams in the development, QA, and release of products, and balance resources to ensure success for the entire organization.
- Developing product positioning and messaging that differentiates floats across primary market segments.

Mo Personal Trainer (MoPT)

Technical Product and Innovation Developer (Virtual Reality)

March 2026 - Present (5 months)

United Kingdom

- Designing and building hyper-realistic, interactive VR simulation scenarios for clinical education.
- Optimizing training experiences to enhance skills acquisition and reduce medical errors.
- Collaborating with cross-functional teams to integrate immersive technology and AI into the MoPT training platform.

XR Inclusion

Mentor

September 2023 - Present (2 years 11 months)

- Mentoring new XR talent across Africa to help them carve a successful career path.
- Providing guidance and support to individuals navigating the XR industry, offering insights and advice on industry trends.
- Collaborating with the team at XR Inclusion to foster a diverse and inclusive environment for emerging talent.

Microsoft for Startups

Member

July 2023 - Present (3 years 1 month)

London, England, United Kingdom

Founders Hub connects founders and startups with startup-friendly training, technical guidance, investor relations and access to Microsoft partner services and programs.

Andela

Product Development Manager

August 2022 - Present (4 years)

Andela connects highly-skilled, technology talent in emerging markets to global opportunities.

As an active member of the first cohort of product managers at Andela, I'm constantly leveraging opportunities and learning experiences which exist within the community.

I spend my time at Andela collaborating with other confident product leaders who guide cross-functional teams in the creation of products that improve real-world experiences and make business sense.

World Metaverse Council

Member

June 2023 - Present (3 years 2 months)

London, England, United Kingdom

parā

Co-founder, Growth lead

November 2021 - November 2022 (1 year 1 month)

Lagos, Nigeria

parā is an enterprise focused agency and growth support system providing product marketing, media production and content delivery to businesses across Africa who intend to scale quickly. Our growth as a service (GaaS) model offers a simplified yet systematic approach to growth.

Big Cabal Media

Technical Consultant

May 2021 - May 2022 (1 year 1 month)

Lagos, Nigeria

I worked in collaboration with BCM teams to design and implement frameworks that optimized digital media content growth for Zikoko and Techcabal audiences.

- Recruited talent and built the structure for cabal creative: A media production and post production unit.

- Procured the necessary equipment needed for a 360 content production operation.

- Worked alongside the CEO and leadership to successfully raise \$2.3 million as part of the company's seed round efforts.

GCO |Strategic Storytelling

Creative Director

December 2017 - February 2022 (4 years 3 months)

Lagos

My time here is spent developing strategic storytelling models for our partners/ clients and leading an incredible team of creatives who transform content and marketing ideas to life.

I also directed and produced some of my favorite films and music videos under the production company's umbrella, including the viral sensation "This is Nigeria"

Bill & Melinda Gates Foundation

Member of the Youth Advisory committee for the #Goalkeepers (Sustainable Development Goals)

August 2018 - January 2021 (2 years 6 months)

Nigeria

As a member #Goalkeepers, I collaborate with a team of young global leaders and activists in an advisory capacity to conduct research and develop creative strategies to propagate the ideas of the #GlobalGoals to young people across the world.

UKAI Projects

Creator-in-Residence

July 2020 - September 2020 (3 months)

Toronto, Ontario, Canada

The early stages of the COVID-19 crisis left enormous pressure on arts organisations to adapt to a world of physical distancing.

I was selected to work with an amazing global team of residents to support Canadian organisations in migrating to virtual reality workflows in ways that celebrated the specific and contemporary nature of their practices.

The Aristokrat Group

Film and Video Director

January 2016 - September 2017 (1 year 9 months)

Lagos, Nigeria

ARistokrat Vision Production is a subsidiary of The Arisrokrat Group and focuses on full scale provision of Film and Video services in Nigeria.

My position as a Director included creating visually compelling content and managing a team of industry professionals skilled in various aspects of filmmaking—creating an outlet for the transformation of ideas from script to screen.

Wazobia TV Media

Broadcast content schedule operator (intern)

March 2015 - January 2016 (11 months)

Lagos Nigeria

I was responsible for supporting key broadcast engineering personnel to set-up, calibrate, operate, monitor and maintain television broadcast equipment to produce, switch, receive, digital signals

Major Tasks -

Collaborating with the director and producer to effect the look envisioned on set.

Supervising and participating in post production

DP and Camera operating duties.
